## **Introduction to the new website:**

### **Audience:**

This user manual has been provided for the users of CPGRAMS application software (6.0). It has been assumed that the user has basic working knowledge of computers as well as internet browsing experience and is well versed with grievance redress mechanism.

### **Purpose:**

The purpose of this document is to learn how to use application software CPGRAMS (6.0). It will help users to understand various features of the application and will enable them to operate the software.

The objective of the application is to provide an online grievance redress and monitoring system to the various Ministries/Departments/ Organizations of Government of India.

## **Features of CPGRAMS 6.0**

**Role based Access to the System:** Nodal Grievance Officer can now create new user accounts with similar facilities except for creation new subordinate organization and new category.

**Horizontal Grievance flow:** The local grievance (grievance lodged directly with the concerned office) can be transferred to other Ministry/Department/State Government. Only three such transfers are permitted during the life cycle of a grievance.

**Bulk Disposal of similar cases:** This option has been introduced for closing multiple grievances at a time which have same final reply.

**Search Mechanism with facility to take action:** Any grievance can be searched through this option. If the grievance is pending for the concerned office, the appropriate action can be taken thereon in the same form.

**Improved Session Management:** The alert for session time out has been introduced to inform the user when system is idle for minutes.

**Data Export:** This feature has been introduced to export the data shown in the grid views and reports to MS-Excel, PDF, CSV formats besides copy and print options.

### Features at a glance

SN.	Feature	Version 5.0	Version 6.0	Remarks
1.	Look and Feel of User Interface	Too many menu options	Well organized GUI and simplified menu options	
2.	Home Page	Conventional menus (top down and left right navigation)	Dashboard style	
3.	Responsive Interface	Not available	Responsive	Can be accessed from any handheld devices
4.	Horizontal Transfer	Not available	Available	Grievance can be transferred from one Ministry to other Ministry or State Govt.
5.	Multi-Forwarding	Difficult to identify such cases and has issues while sending action taken report.	Streamlined the process of Multi forwarding by clearly identifying the organization(s) where the case is pending.	Appropriate alert message at the time of closure of a Multi forwarded case.
6.	Creation of multiple users for the role of Nodal Officer.	Not Available	Available	
7.	Bulk Closure	Not Available	Available	
8.	Search with Action	Not Available	Available	
9.	Data Export	Limited to certain options	Available in various formats

**System Requirements to run the application software:**

**Client system specification:**

This application is web based interface so client machine required good speed internet connectivity and latest web browser like Google Chrome, Firefox, Edge, Safari etc. The application has facility to attached PDF document so user may require a scanner or any source to convert document to PDF.

## Product Features:

It is an integrated application system, based on web technology which primarily aims at submission of grievances by the aggrieved citizens from anywhere and anytime (24x7) basis for instant and easy communication between the nodal PG officers of Government Organizations and citizens resulting in the speedy redress of their grievances.

## Operating instructions:

Being web based application web browser is required to open this application (website) and to view PDF document Acrobat PDF Reader is required. So latest web browser and latest Adobe Acrobat Reader has must installed in client computer.

Access this application on web browser type this address i.e.

<https://pgportal.gov.in/cpgoffice/> in browser address bar and press enter. The following web page will be appearing.

The screenshot shows a web browser window with the address bar displaying <https://pgportal.gov.in/cpgoffice/>. The browser's address bar and tabs are visible at the top. The page header includes the Government of India logo, the Ministry of Personnel, Public Grievances & Pensions, and the Department of Administrative Reforms & Public Grievances. The main heading is "Centralized Public Grievance Redress And Monitoring System (CPGRAMS)". The "Digital India" logo is also present. The central part of the page features a "PG Officer Login" form with fields for Username (demo1), Password, and Security Code (386402). A "Login" button is at the bottom of the form. Below the form, there is a link to "Go to earlier version". The footer contains a yellow bar with links to "Grievance Analysis Dashboard", "DARPG Website", "National Portal of India", "User Manual", and "Disclaimer". The bottom section is dark blue and contains copyright information and the NIC logo.

## Login for Ministries/Departments/Organizations:

This application has form based authentication security architecture for access control. User is required Username and Password to login which is provided by parent organization.

The image shows a login form titled "PG Officer Login". It contains three input fields: "Username" with a user icon, "Password" with a lock icon, and "Security Code" with an eye icon. Below the "Security Code" field is a security code "102210" displayed in a box, followed by a refresh button. At the bottom right, there is a blue "Login" button with a right arrow icon, which is highlighted by a red rectangular box.

Enter your correct Username, Password and Security Code (Security Code is given below) then click login button. On successful login page will be redirected to Operational Desk.

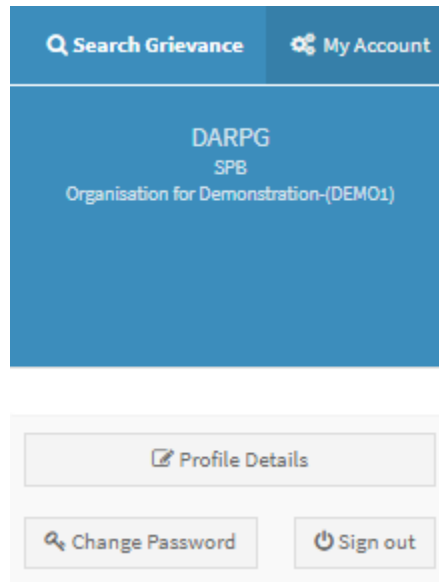

The image shows the "CentralizedPGRAMS" Operational Desk dashboard. The header includes the logo, a search bar for "Search Grievance", and a "My Account" link. The left sidebar contains a navigation menu with options like "Grievance", "New(Pending for initial Action)", "Grievances Under Process", "Reminder / Clarification", "Utilities", "Monitoring Desk", "Reports", and "New features in CPGRAMS". The main content area displays "Operational Desk Version 1.0" and "New Grievances from various sources." Below this, there are six cards representing different categories: "Direct Receipts", "DPG", "DARPG", "Pension", "PM's Office", and "President's Secretariat". Each card shows a count of "0" and a "More info" link. At the bottom, there is a table titled "List of grievances received from : Direct Receipts". The table has columns for "Registration Number", "Name", "State", "Date Of Receipt", "Pending Days", and "Receipt Type". The table is currently empty, displaying "No data available in table".

## User Profile:

User may view and edit user detail by clicking on “My Account” link.

Click on “Profile Detail” link (snapshot given above) to view profile detail.

**Save**

User can be change all detail which is shown in above snapshot then click on Save button make change.

### Change Password:

On my account section click on “Change Password” button to change your existing password. Follow below snapshot.

Enter Old password then enter New Password on password textbox then type same password to confirm password text box. Password policy has given below follow password policy to make your password stronger.

PG Officer

UserName	demo1
OldPassword	<input type="password" value="Enter old password"/>
Password	<input type="password" value="Enter new password"/>
Confirm password	<input type="password" value="Re-enter new password"/>

How to choose a strong password

1. It should be at least 6 characters in length.
2. It should contain at least one capital letter (A-Z).
3. It should contain at least one small letter (a-z).
4. It should contain at least one number (0-9).
5. It should contain at least one special character.

After that click on save button to change your password.

## Grievance:

### Operational Desk:

#### New (Pending For Initial Action)

This desk facilitates PG Officer to take various actions like forwarding grievances to subordinate units, sending action taken reports to higher authorities, sending reminders, seeking clarifications, disposing of grievances etc. It also facilitates the registration of locally received grievances (through post) to the system and attach scanned copy of grievance. Global search facility is available in all desks.

<b>State name</b>	Odisha	
<b>Mobile no</b>	8599848021	
<b>Email id</b>	sauravsmartyy@gmail.com	
<b>Grievance description</b>	<p>I was traveling from Bhubaneswar to Secunderabad via link route due to heavy rush I was just unable to get tatkal ticket also. so made my ticket in link routes that is Bhubaneswar to Vishakhapatnam , Vishakhapatnam to Vijayawada and finally Vijayawada to Secunderabad. In the meanwhile I don't have the ticket from Vishakhapatnam to Vijayawada so I have taken general ticket. I think there was 4 general compartment. All of them were fully filled and I was have a lots of luggage with me and that was impossible to me to get inside, and even there was no space to stand properly. inspite of this one general compartment was captured by our 5 or 6 ARMY people only. They were not allowing us to enter into that general compartment. such a worst army person I have never seen in my life. I was shocked at that time. I have also contacted to TT of that train too , they me that you have to contact railway police or station master, he can't help me in this type of matters, I also contacted to a police at that Vishakhapatnam railway station, I told him every thing. and he told me that go to another general compartment and adjust your self, he can't do any thing. again I was shocked, many questions were coming to my mind . and at that time I understand everything what's going in our country. our country is full of corruption and corrupted army, railway , politicians and even policeman were also involves in this activities.</p>

Common problem envisaged and solutions suggested while working with assessing new grievances.

1. **Unable to assess the grievance:** Check whether category code has been selected. Grievances cannot be forwarded to subordinate offices without assigning category code.
2. **There are no grievance categories to select from:** Create the grievance category codes.
3. **There are no subordinates to forward to in the taken-up with box:** Create your subordinate offices.

**Subordinate Login (Usages):** This option use to view login detail of subordinate organization and no of attempt login between given date.

**Manage Grievance Category:** Grievance categories help group the grievances. This facilitates various analytical and statistical reports. It also helps in identifying problem areas. Nodal agencies have already categorized the grievances into some pre-defined categories. You may add your own grievance categories. This will help you analyses your grievances based on these categories. When a grievance is assessed for the first time, a grievance category is required to be allocated to it. Without assigning a category the grievance could not be acted upon. Subordinate offices are not required to assign a grievance category to the grievances received from their parents.

Grievance Category
